SPECIAL!

Sonic The Hedgehog has seen some strange places in his day — alternate universes, surreal zones* para-cosmic realities and much more. But none of these could have prepared him for the weirdest one of all... on **Flickie Island!**

Remote and uncivilized, the tiny atoll's unspoiled environment houses more than just the planet **Mobius'** most endangered aviary species, the **Flickie Bird**. The island also contains the secret gateway to the ultimate zone, **The Flickie Zone!**

Unfortunately for the inhabitants of the planet Mobius, the evil **Doctor Ivo Robotnik** has detected this unusual location. He intends to plunder Flickie Island's natural resources to fuel his own nefarious schemes.

And so the stage is set. **Sonic and The Freedom Fighters** must prevent Robotnik from destroying the last pristine eco-system on Mobius — not to mention stopping Ivo's acquisition of the hidden treasure inside the Flickie Zone! But this time, the Doctor is prepared for his enemies... hoo boy, is he prepared!

So, come fly with **The Blue Blur** (and lots of Flickie Birds) as his most incredible adventure yet goes under way...

We guarantee you'll have a — **SONIC BLAST!!!**
